

Cross sectoral GreenComp training for primary school stakeholders, for the promotion of a Sustainability Mindset

2nd Press Release

2nd Transnational face-to-face Project Meeting for the GreenComp School project: Cross sectoral Green Comp training of primary school stakeholders, for the promotion of a Sustainability Mindset

Perugia, Italy

September 2023

The 2nd transnational face to face meeting for the Green Comp project: “Cross sectoral Green Comp training of primary school stakeholders, for the promotion of a Sustainability Mindset” took place in Perugia, Italy between 21-22 of September 2023.

The Green Comp School project, initiated during 2022, as a response to the need for developing competences related to sustainability. In essence, it seeks to develop blended training for all educational sectors with the goal to foster sustainability mindsets of primary school students and their parents. This change of stance is aspired to take place by training and equipping teachers and students of HE primary school departments with micro credential courses and flexible interdisciplinary training for primary school students and their parents.

Co-funded by the
Erasmus+ Programme
of the European Union
