

8th Press Release

STORY CHANGERS: Sharing Last Thoughts

June 2023

We would like to inform you that our project **Story Changers: enhancing pupils' social skills and enriching teaching methods through storytelling and virtual reality** [2020-1-CY01_KA201-066072] is now officially closed.

We would like to invite you to visit the website of the project where you can find all the deliverables of the project, <https://storychangers.projectsgallery.eu/>.

You can also follow the project on facebook on <https://www.facebook.com/StoryChangersEu>.

Our website will remain alive and be updated with events and materials related to story changers.

We are grateful for the experiences we have gained from the project. Story Changers was a learning experience. The feedback we have received from teachers and pupils is amazing. Stories and Fairytales (especially with decision points) can really make the difference as far as the development of skills and competences are concerned.

We would like to thank the team of Story Changers that has worked hard to produce amazing results, the pupils and the teachers that participated in the pilots and all of you that have followed and supported the project.

Stay tuned for future activities of this consortium.

Story Changers project has been funded by the European Commission.
